## GUEDEL AIRWAYS

Guedel Airways are designed to maintain an unobstructed oropharyngeal airway during or following general anaesthesia and in patients who are unconscious for other reasons.

- Integral hard bite block avoids airway occlusion and biting of tongue.
- Stepless airway path for easy cleaning.
- Bite blocks are colour coded for instant identification of sizes.
- Manufactured from non-toxic, non-irritant polymer PE.
- Individually packed in peelable soft blister pack.
- Sterile ready for use.

Each kit contains 2 pieces each of sizes 2, 3 & 4.

## RECYCLING

The product shall be recycled according to local regulations.
