WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT (WEEE) COMPLIANCE DECLARATION

Electrical and electronic products placed on the UK market by GCE Ltd are covered by the EU Electrical and Electronic Equipment Waste (WEEE) Directive and its' accompanying UK Delegated Legislation in the form of Statutory Instruments and Regulations. The aims of the Directive are to minimise the amount of WEEE entering the waste stream and to provide funding from treatment facilities in order to maximise recovery and recycling. GCE's WEEE obligations relating to products sold into the industrial and commercial market (also known as Business to Business WEEE or B2B WEEE) involves registering with the relevant agency (i.e. the Environment Agency) or with a compliance scheme as a producer of Electrical and Electronic Equipment (EEE). The term "producer" is defined as a manufacturer, re-brander of distributor of EEE. In our case GCE Ltd is defined as a distributor in that it places EEE on the market. In order to fulfil the requirements of the pan-EU Directive, fulfil the regulatory obligations and to provide an end-of-life recycling solution, GCE Ltd has registered with an approved compliance scheme, the details of which are set out below:

Valpak - Producer Registration Number: RM07706
As commercial products are sold into the UK market to end users via GCE Ltd and through networks, the products may move beyond our reach. In this instance, in order to keep down the cost of the product, it is considered fair that the cost of recycling be met by the end user.

REQUIREMENTS ON WHOLESALE DISTRIBUTION OF MEDICINAL PRODUCTS

Legislation relating to the above requires that wholesale dealers deal only with specified persons. Article 80 of the EU Directive 2001/83/EC, as amended requires that "the holder of a licence must supply medicinal products only to persons who are themselves in possession of the distribution authorization or who are authorized as entitled to supply medicinal products to the public in the member state concerned". Schedule 9 of the UK Regulations requires that "the holder of a wholesale dealers licence shall distribute relevant medicinal products by way of wholesale dealing only to:

- a) a holder of a wholesale dealer's licence relating to those products.

b) a holder of an authorization granted by the competent authority of another EEA State authorizing the supply of those products by way of wholesale dealing.

c) any person who may lawfully sell those products by retail or who may lawfully supply them in circumstances corresponding to retail sale, or d) any person who may lawfully administer those products”.

c) and d) above relate in the main to pharmaceuticals so a) and b) are the main thrust as far as GCE is concerned.

All customers buying these products need a wholesale dealers licence and cannot under any circumstances rely on GCE's licence.
